

10/28/16 - 8.4 & 8.5

Friday, October 28, 2016 7:19 AM

Good morning! Please come in and complete your DLP for today. There are two sentences.

Its not a question of who's water baloon it is, it's the mere fact that someone left their water baloon on the seat of my chair said Ramon.

The clavicle, or collarbone, is the most frequently broken bone in the body. Because they're a relatively thin bone, and often involved in shoulder injuries.
